CURTAINS

Custom-made using only the highest quality Italian textiles and design according to the taste and class that only the "Made in Italy" brand can guarantee, our curtains are tailor-made by expert Italian craftsmen.

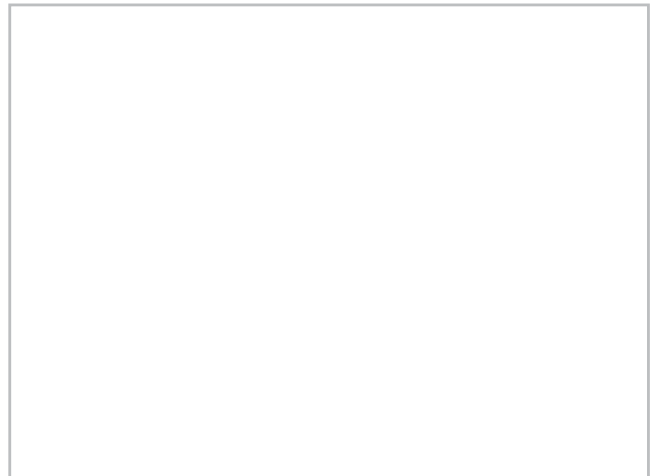

The attention to details (the colour and thickness of the sewing thread, different numbers assigned to each curtain for traceability, our brand label for reference) provides the final touches to our curtains that are not only elegant and stylish, but also functional.

BACKRESTS

Only the best Italian textiles and craftsmanship have gone into these central backrests designed to the highest 'Made in Italy' quality standards, with the utmost attention to design and comfort that retrieve to curtain design.

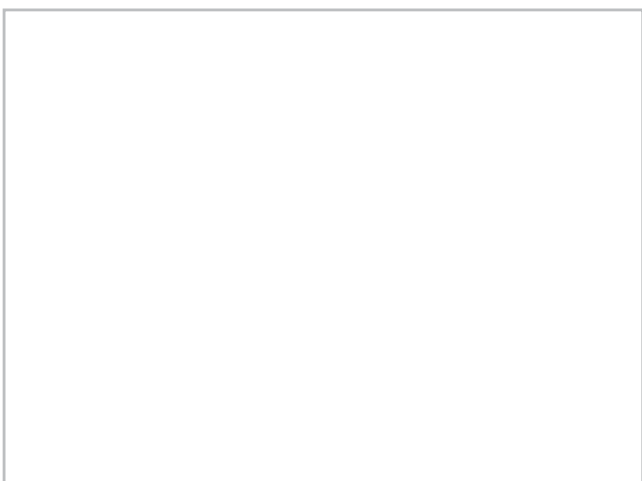

On the edge sides the top range American vinyl and expert Italian craftsmanship have gone into these backrests designed to the highest 'Made in Italy' quality standards, with the utmost attention to design and comfort that retrieve to cushions.

CUSHIONS

Our upholstered cushions feature top of the range American vinyl tailor-made by expert Italian craftsmen in keeping with the sophisticated "Made in Italy" style and design.

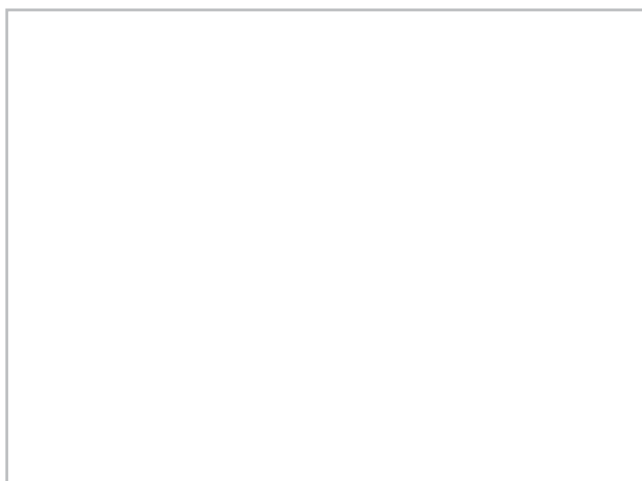

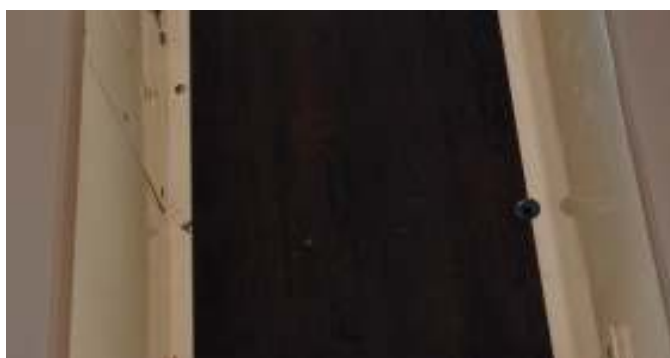

The cushions feature a mesh underside to allow the drainage of both fresh and salt water. The internal padding includes 2 layers of expanded foams for 2 different final cushion thicknesses : the bottom layer features closed cells of 2 or 5 cm to provide firmness and buoyancy, while the top layer is made of 1.5 or 2.5 cm Dryfeel foam for the utmost seating comfort. The cushions can also serve as floating devices, if necessary.

FLOOR

Our American top of the range luxury vinyl floor combines the highest technical quality with true Italian taste and design, all installed by expert Italian craftsmen.

The attention to details (the designed pattern laying surface, the direction of the colored fibres) provides the finishing touch to this sophisticated floor that combines elegance and comfort without forgoing ease of use and functionality.

WORK IN PROGRESS

Attention to scheduled deliveries and respect to agreed plans with customers are our important milestones for production and installation activities. Attention to working environment around our production areas and clean and organized installation tools with the utmost attention to safety are also very important for us. Daily basis check for timing and quality are performed internally and with customer references.
