CURTAINS

Custom-made using only the highest quality Italian textiles and design according to the taste and class that only the "Made in Italy" brand can guarantee, our curtains are tailor-made by expert Italian craftsmen.

The attention to details (the colour and thickness of the sewing thread, different numbers assigned to each curtain for traceability, our brand label for reference) provides the final touches to our curtains that are not only elegant and stylish, but also functional.

BACKRESTS

Only the best Italian textiles and craftsmanship have gone into these backrests designed to the highest 'Made in Italy' quality standards, with the utmost attention to design and comfort.

The utmost care for details (the backrests fit seamlessly onto their supports and each features an individual identification number and our own label for traceability) offers elegance and class, without forgoing ease of use and functionality.

CUSHIONS

Our upholstered cushions feature the top range American luxury vinyl tailor-made by expert Italian craftsmen in keeping with the sophisticated "Made in Italy" style and design.

Cushions feature a mesh underside to allow water drainage. The internal padding includes one bottom layer of 3 cm. closed cells to provide firmness and buoyancy plus a layer of 2.5 cm. Dryfeel foam for the utmost seating comfort. The cushions can also serve as floating devices, if necessary.

FLOOR

Our American top of the range luxury vinyl "steel plate" floor combines the highest technical quality with true Italian taste and design, all installed by expert Italian craftsmen.

The attention to details (the square pattern laying surface, the direction of the silver-colored fibres) provides the finishing touch to this sophisticated deck that combines elegance and comfort without forgoing ease of use and functionality.

FORWARD

Only the best Italian textiles combined with the top range American luxury vinyl have gone into this forward area featuring shaped backrests and cushions. Designed to the highest "Made in Italy" quality standards with the utmost attention to design and comfort provides the finishing touch to this sophisticated area that combines comfort and elegant look. The detail of driver seat covering with sewed Regent Logo provides the customized touch that gives the warm of a family ambiance.

FOLDING SEATS

Folding seats located at the entrance are upholstered with same top range American luxury vinyl of cushions for a uniform and elegant look. Our folding seat upholstery features tailor-made expert Italian craftsmanship keeping a touch with the sophisticated "Made in Italy" style and design. The attention to details (the radial pattern in the upper front part of the cushions, the color and thickness of the sewing thread, the individual identification number and our personal label on each cushion for traceability and reference) provides the finishing touches offering both elegance and comfort without forgoing ease of use and functionality.

WORK IN PROGRESS

Attention to scheduled deliveries and respect to agreed plans with customers are our important milestones for production and installation activities. Attention to working environment around our production areas and clean and organized installation tools with the utmost attention to safety are also very important for us. Daily basis check for timing and quality are performed internally and with customer references.
